

CALLING ALL SCHOOLS ---

- ... Are you making summer plans?**
- ... Will kids in your community need good meals this summer?**
- ... Are you looking for an easy way to serve meals with your summer activities?**

If you answered yes to one of these questions, keep reading... Seamless Summer Option for feeding could be in your future!

What is the Seamless Summer Option?

The Seamless Summer Option combines features of the National School Lunch Program (NSLP), the School Breakfast Program (SBP), and the Summer Food Service Program (SFSP) with reduced paperwork and monitoring requirements.

Meals must be served in low-income communities where 50% of children are eligible for free/reduced price school meals or in other locations where 50% of the children enrolled in a summer program are eligible for free/reduced price school meals.

Meals are reimbursed at the NSLP/SBP free rates (including NSLP commodity rates) and follow most NSLP rules for meal service.

Two meals per day can be reimbursed (3 for migrant sites and camps).

Who can participate in the Seamless Summer Option?

Public and private nonprofit School Food Authorities (SFAs) can apply through the NSLP State agency to operate the Seamless Summer Option.

SFAs may operate the feeding sites or sponsor other organizations to provide the meal service.

What type of sites qualify for the Seamless Summer Option?

Most SFSP sites are eligible – in schools or non-school settings, including:

- Schools*
- Parks and playgrounds
- Community centers
- Migrant sites and
- Residential and day camps

How do I know the Seamless Summer Option is a good choice for my summer program?

The Seamless Summer Option is a good choice for you if:

- SFSP paperwork requirements have kept you from offering summer meals
- It's okay to be reimbursed at the NSLP rates, which are slightly lower than SFSP rates

Everyone wins with the Seamless Summer Option!

- All children eat free
- Through summer programs children have fun with friends and get active play
- Cafeteria workers and others in the community can be employed
